PRECISION FEEDING SYSTEMS

A step ahead to enhance productivity

Precision feeding system for sows and farrowing pen

GROUP HOUSING

- With 15-20 sows per pen
- Individual precision feeding per sow 24/7/365
- The OPTI model allows for additional mixing supplementation

FARROWING

- Precision feeding per sow 24/7/365
- Increased milk production
- No feed waste
- Clean troughs
- Larger litters at the next farrowing

GROW-TO-FINISH

- Weighing of feed quantity and the possibility of mixing multiple feed recipes at the feed level
- Individual and restrictive feeding of gilts

Feed & livestock management software

**The whole point of
developing Best Farm solutions
- is to save more of the weakest
piglets in the farrowing pen.**

**Therefore all our products are
designed to nourish and keep
the piglet warm right from
the beginning.**

**These two factors are
absolutely crucial in reducing
piglet mortality.**
