## PRECISION FEEDING SYSTEMS

A step ahead to enhance productivity

### Precision feeding system for sows and farrowing pen

#### GROUP HOUSING

- With 15-20 sows per pen
- Individual precision feeding per sow 24/7/365
- The OPTI model allows for additional mixing supplementation

#### FARROWING

- Precision feeding per sow 24/7/365
- Increased milk production
- No feed waste
- Clean troughs
- Larger litters at the next farrowing

#### GROW-TO-FINISH

- Weighing of feed quantity and the possibility of mixing multiple feed recipes at the feed level
- Individual and restrictive feeding of gilts

Feed & livestock management software

**The whole point of  
developing Best Farm solutions  
- is to save more of the weakest  
piglets in the farrowing pen.**

**Therefore all our products are  
designed to nourish and keep  
the piglet warm right from  
the beginning.**

**These two factors are  
absolutely crucial in reducing  
piglet mortality.**
